OVERVIEW

Field operations need reliable vehicles that can handle desert, mountain and remote roads. COTI sources 4×4, utility, personnel-transport and specialised vehicles, with spare parts and fleet-support coordination.

CONTENTS

- 15.1** 4×4 vehicles, pickup trucks and utility vehicles suitable for industrial and field operations.
- 15.2** Personnel transport vehicles, service/workshop vehicles and field-support vehicles.
- 15.3** Specialized oilfield/industrial vehicles subject to project specifications and availability.
- 15.4** Vehicle spare parts, tires, batteries, filters, maintenance consumables and accessories.
- 15.5** Supply, international sourcing and fleet-support coordination; rental coordination where...

15.1 4x4 vehicles, pickup trucks and utility vehicles suitable for industrial...

SUPPLY SCOPE

4x4 vehicles, pickup trucks and utility vehicles suitable for industrial and field operations.

DEFINITION

4x4 vehicles and pickups are built for rough terrain and long distances between sites; utility vehicles carry tools and equipment for field crews. Configuration is matched to climate and operating conditions.

15.2 Personnel transport vehicles, service/workshop vehicles and field-support...

SUPPLY SCOPE

Personnel transport vehicles, service/workshop vehicles and field-support vehicles.

DEFINITION

Personnel-transport vehicles move crews safely between camps and sites; service and workshop vehicles carry tools for on-site repairs; field-support vehicles assist operations in remote areas.

15.3 Specialized oilfield/industrial vehicles subject to project specifications...

SUPPLY SCOPE

Specialized oilfield/industrial vehicles subject to project specifications and availability.

DEFINITION

Specialised vehicles include vacuum trucks, water and fuel tankers, and other oilfield or industrial units. They are supplied according to project specifications and market availability.

15.4 Vehicle spare parts, tires, batteries, filters, maintenance consumables...

SUPPLY SCOPE

Vehicle spare parts, tires, batteries, filters, maintenance consumables and accessories.

DEFINITION

Keeping a fleet running requires spare parts, tyres, batteries, filters and maintenance consumables. COTI sources these items for the brands and models in service.

15.5 Supply, international sourcing and fleet-support coordination; rental...

SUPPLY SCOPE

Supply, international sourcing and fleet-support coordination; rental coordination where commercially and legally applicable.

DEFINITION

COTI coordinates vehicle supply, international sourcing and fleet support, and rental through qualified providers where commercially and legally possible.

Specialized services are provided and/or coordinated with qualified technical partners according to project requirements.

Contact COTI

Send us your RFQ, part numbers, nameplate photos or technical specifications. We will review your requirement and reply with a structured proposal.
