OVERVIEW

Maintenance teams work faster with the right tools close at hand. COTI supplies hand and power tools, welding equipment, industrial chemicals, workshop furniture and measuring instruments for efficient intervention.

CONTENTS

- 17.1** Hand tools, power tools, torque tools and maintenance tool sets.
- 17.2** Welding machines, welding consumables, cutting equipment and accessories.
- 17.3** Abrasives, industrial adhesives, sealants, cleaning products and maintenance chemicals.
- 17.4** Workshop benches, storage systems, lifting tools and general workshop equipment.
- 17.5** Measuring, testing and diagnostic tools.

17.1 Hand tools, power tools, torque tools and maintenance tool sets.

SUPPLY SCOPE

Hand tools, power tools, torque tools and maintenance tool sets.

DEFINITION

Hand tools (spanners, screwdrivers, pliers) and power tools (drills, grinders, impact wrenches) are the basis of every intervention. Torque tools tighten bolts to an exact value, which is essential for flanged joints.

17.2 Welding machines, welding consumables, cutting equipment and accessories.

SUPPLY SCOPE

Welding machines, welding consumables, cutting equipment and accessories.

DEFINITION

Welding machines join metals (arc, MIG/MAG, TIG). Welding consumables include electrodes, wires, gases and fluxes; cutting equipment (oxy-fuel, plasma) and protective accessories complete the set.

17.3 Abrasives, industrial adhesives, sealants, cleaning products and...

SUPPLY SCOPE

Abrasives, industrial adhesives, sealants, cleaning products and maintenance chemicals.

DEFINITION

Abrasives (discs, belts) grind and finish surfaces; adhesives and sealants bond and seal; cleaning products and maintenance chemicals (lubricants, degreasers, anti-seize) protect equipment.

17.4 Workshop benches, storage systems, lifting tools and general workshop...

SUPPLY SCOPE

Workshop benches, storage systems, lifting tools and general workshop equipment.

DEFINITION

Workbenches, tool storage, shelving and lifting tools organise the workshop and make work safer and more efficient.

17.5 Measuring, testing and diagnostic tools.

SUPPLY SCOPE

Measuring, testing and diagnostic tools.

DEFINITION

Measuring tools (callipers, micrometres, gauges), testing instruments (multimeters, insulation testers) and diagnostic tools help find faults and verify repairs.

Specialized services are provided and/or coordinated with qualified technical partners according to project requirements.

Contact COTI

Send us your RFQ, part numbers, nameplate photos or technical specifications. We will review your requirement and reply with a structured proposal.
