OVERVIEW

Industrial goods must reach site complete, undamaged and on time. COTI coordinates packing, freight by air, sea and road, consolidation, insurance, customs documents, tracking and final delivery with qualified logistics partners.

CONTENTS

- 20.1** Export packing, preservation, labeling and shipping-document coordination.
- 20.2** Air, sea and road freight-forwarder coordination.
- 20.3** Containerization, consolidation and multi-supplier shipment coordination.
- 20.4** Cargo-insurance coordination and customs-document preparation support.
- 20.5** Shipment tracking, destination coordination and site-delivery planning.
- 20.6** Warehousing, receiving, quantity verification, repacking and project kitting coordination.

20.1 Export packing, preservation, labeling and shipping-document coordination.

SUPPLY SCOPE

Export packing, preservation, labeling and shipping-document coordination.

DEFINITION

Export packing protects goods during long transport (crates, moisture barriers); preservation prevents corrosion during storage; labelling identifies each package; shipping documents accompany the cargo.

20.2 Air, sea and road freight-forwarder coordination.

SUPPLY SCOPE

Air, sea and road freight-forwarder coordination.

DEFINITION

COTI coordinates freight forwarders for air (fast, for urgent parts), sea (economical, for heavy or bulky cargo) and road transport, choosing the mode according to urgency and cost.

20.3 Containerization, consolidation and multi-supplier shipment coordination.

SUPPLY SCOPE

Containerization, consolidation and multi-supplier shipment coordination.

DEFINITION

Containerisation packs goods into standard containers; consolidation groups items from several suppliers into one shipment, reducing cost and simplifying receipt.

20.4 Cargo-insurance coordination and customs-document preparation support.

SUPPLY SCOPE

Cargo-insurance coordination and customs-document preparation support.

DEFINITION

Cargo insurance covers loss or damage in transit. COTI supports the preparation of customs documents such as commercial invoices, packing lists and certificates of origin.

20.5 Shipment tracking, destination coordination and site-delivery planning.

SUPPLY SCOPE

Shipment tracking, destination coordination and site-delivery planning.

DEFINITION

Shipments are tracked to destination; COTI coordinates arrival, clearance and the delivery plan to site, including access and unloading constraints.

20.6 Warehousing, receiving, quantity verification, repacking and project...

SUPPLY SCOPE

Warehousing, receiving, quantity verification, repacking and project kitting coordination.

DEFINITION

Warehousing stores goods; receiving checks quantities and condition; repacking adapts packages; project kitting groups parts by work package or installation area.

Specialized services are provided and/or coordinated with qualified technical partners according to project requirements.
